

Dear Fellow Meat Processor,

I hope you will consider joining the Illinois Association of Meat Processors this year. Being a member of this organization has definitely been a plus for me and my family members being the owners of Behrmann Meat and Processing, Albers, Illinois. The benefits are unending, simply because of keeping informed of all the state and federal regulations. Last year, IAMP provided two education sessions related to HACCP Validation as a response to our membership's needs. It's opportunities like those that make IAMP an organization that provides business owners the extra edge to succeed. I have had the opportunity to serve a second year as your President of IAMP and I realize now more than ever that it takes a strong membership to be a strong organization. It's also great to be able to hear and see what other members are doing to be successful. Please join us for the 2017 IAMP Convention in Bloomington, IL in February!
